Description

NORDKAPP AVES RC SAE 0W-12 is a fully synthetic low-friction engine oil for car gasoline and diesel engines, with and without turbocharging and direct injection. Special formulation of base oils and additives ensures a high viscosity index and excellent cold start properties for optimum lubrication safety during the cold running phase. Minimizes friction, wear and fuel consumption that contributes by reducing emissions to protect the environment. Extend oil change intervals according to the manufacturer's instructions.

Advantages

- Guarantee efficient lubrication of the engine.
- High fuel economy effect.
- Ensures protection against sludging, coking, varnish, and corrosion even under unfavorable operating conditions.
- Optimal energy saving and lifetime properties.
- Neutral towards sealing materials.
- Excellent low-temperature, anti-friction, anti-corrosion, detergent, and antioxidant characteristics.
